STUDENT WELLBEING

POLICY

Rationale:

The emotional and physical wellbeing of our students is essential to their success at school, as adolescents, and in their future lives. Physically and emotionally healthy students are happy, able to deal positively with life's challenges, experience a sense of connectedness with the school and others, and are well placed to develop into well-balanced and successful young adults.

Aims:

- To provide an educational environment which recognises, values and builds student wellbeing.
- To develop students who are physically and emotionally healthy.

Implementation:

- Developing the wellbeing of our students is central to our role as a school, and is reflected in our whole school philosophy.
- A culture of positive reinforcement and encouragement will permeate all facets of our school.
- Student work and achievements will be regularly showcased and publicly recognised.
- Our school will value and encourage student individuality, differences and diversity.
- Programs that support a safe environment that encourage open discussion will be implemented across the school.
- The curriculum will be broad, will provide for the needs of individual students, and will be developed to cater for multiple intelligences.
- Programs dealing with issues such as Drug Education will form part of the school's Student Wellbeing program.
